

# Calm or Crazy Comparisons

Spinner 1

Spinner 2

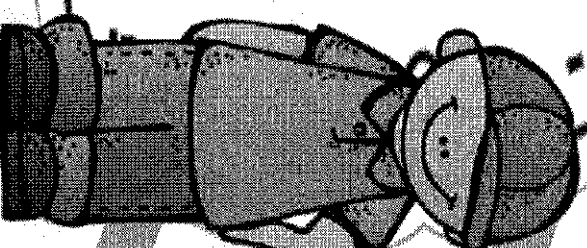

## *Calm or Crazy Comparisons*

Get with a partner and decide who is going to spin first.

Player One spins the first spinner and writes the fraction on the LEFT ( $\leftarrow$ ) of the box next to #1 on the recording sheet. Then Player One spins the second spinner and writes the fraction on the RIGHT ( $\rightarrow$ ) of the box next to #1. Then Player One compares the two fractions that were spun by writing  $<$ ,  $>$ , or  $=$  in the box. Now it's Player Two's turn to do the same thing. Follow the Points Chart on the recording sheet and record the points each player received. Take turns doing the same thing until you have completed all 12 rounds.

The winner is the player who receives the most points after round 12.

# Calm or Crazy Comparisons

Name: \_\_\_\_\_

Record the two fractions (one on each side of the box) that you spin and then compare the two fractions by writing  $<$ ,  $>$ , or  $=$  in the box. Record the points that each player received by using the chart below. The player with the most points wins. Record the winner's name in the winner box.

1.	<input type="text"/>	7.	<input type="text"/>	<b>Points Chart</b> $<$ gets 1 point $>$ gets 2 points $=$ gets 3 points
2.	<input type="text"/>	8.	<input type="text"/>	
3.	<input type="text"/>	9.	<input type="text"/>	Player Two:
